# BRAND QUALITY WITHOUT THE BRAND

Want the best multisport range on the market?

Well this year it's bigger and better than ever before.

It's fully coordinated with season on season continuity across all sizes, it's UK-supplied and fully stock supported.

It's reliable, durable and innovative. Attention to detail is a top priority, from stitching and seams to unique design touches and new product development.

Specifically, it offers brands and resellers a credible, premium quality alternative to high profile teamsport brands.

A highly experienced, UK based team of specialists, ensure all garments meet the increasing demand for 'fit for purpose' training. From professional, corporate and educational team sports to grass roots juniors and individuals, the range is designed and developed to provide technical and functional performance that goes the extra mile, not to mention the added style and value.

Want true brand quality without the brand? Ask for a sample and see the quality for yourself.

# FIT FOR PURPOSE

Quality you can see, feel and trust

## > GARMENT QUALITY

A proven quality procedure is integral to manufacturing suitable garments which fit and function according to their intended use, giving 'the buyer' confidence in the product. Quality is rigorously controlled at all stages.

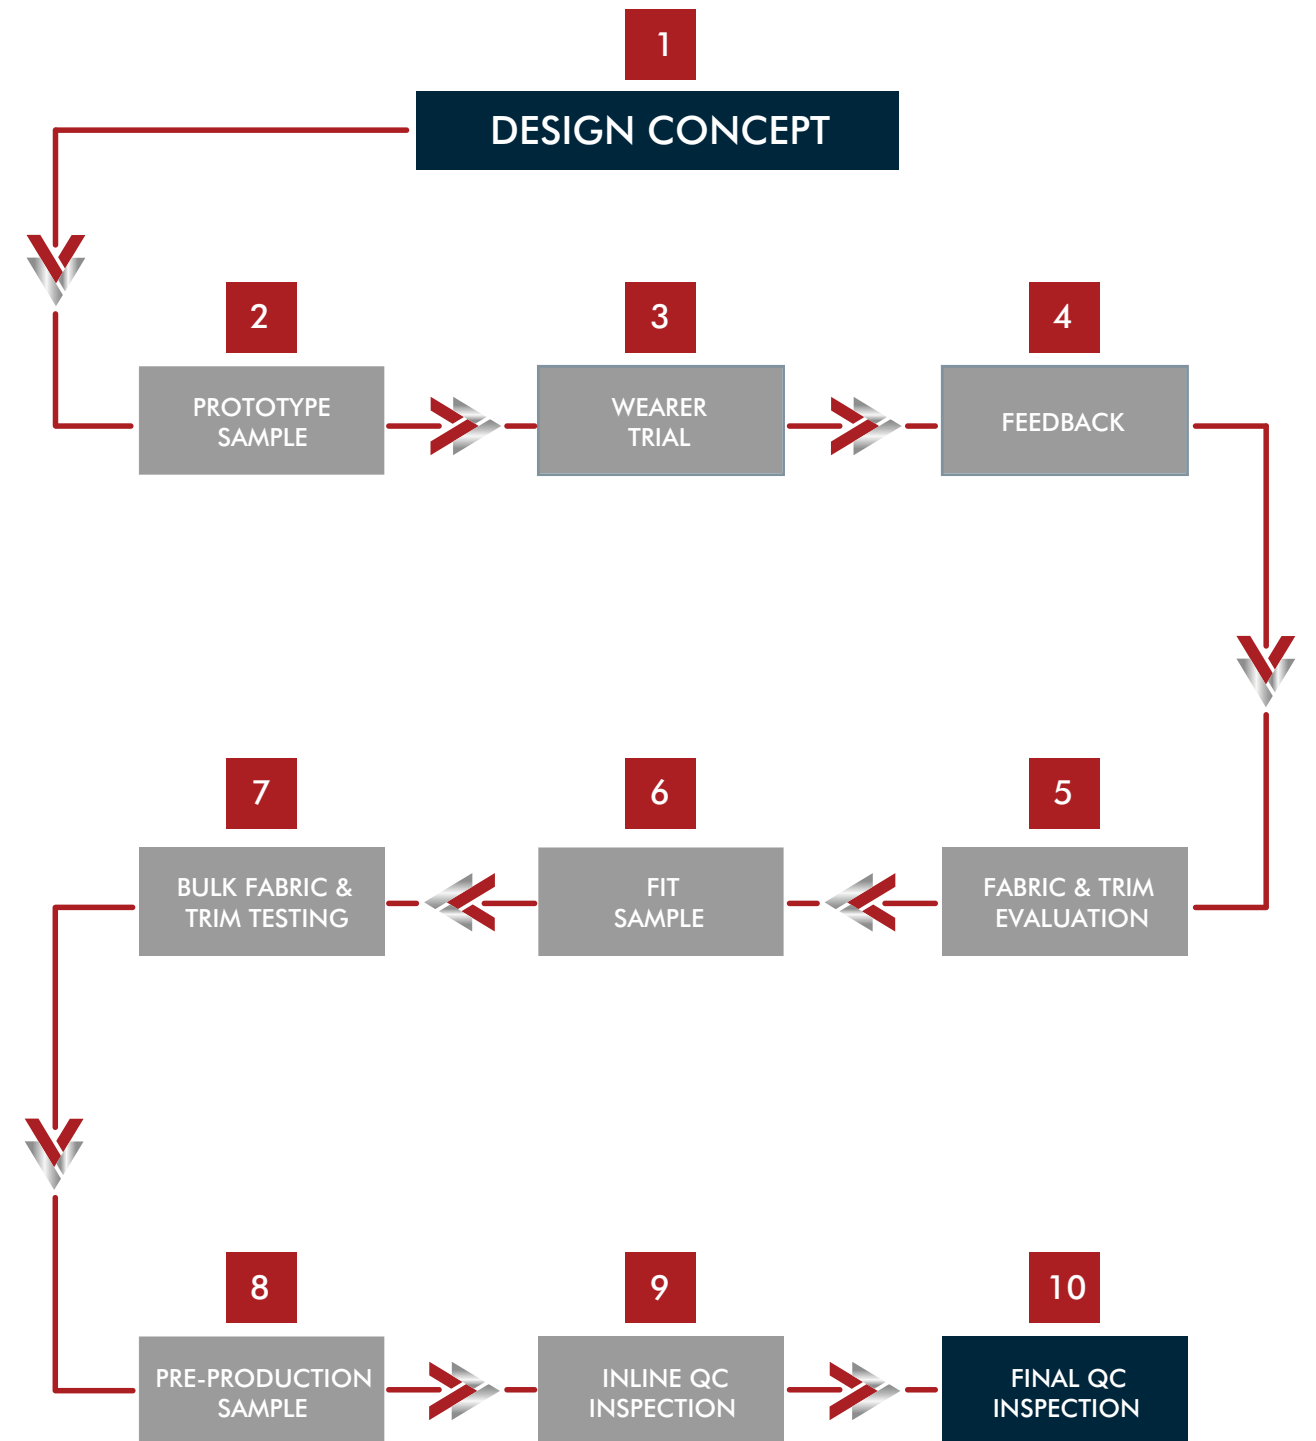

## > DESIGNED IN THE UK

Designed and developed in the UK and manufactured by hand picked specialist partners. Close attention is paid to reinforcing garments in all the right places and specifying suitable fabrics in order to reduce returns.

## > INDEPENDENTLY ASSESSED

All approved factories have in-house, quality control procedures. In addition, a team of independent experts are trained to work exclusively on this range, ensuring every garment detail is monitored and tested to the highest standard.

# QUALITY ASSURANCE STEP BY STEP

# FIT FOR YOU

## > RESELLER EXCLUSIVITY

'Brand quality without the brand' gives resellers an exclusive opportunity to offer the best in class. Wide range of 'fit for purpose' premium garments, UK stock supported and always great value.

## > MULTISPORT

Premium quality products ideally suited for all multisport and specialist team brands, embroiderers, printers and resellers, school outfitters, sport retailers, corporate and eventwear.

## > FIT FOR PURPOSE

Manufactured to a proven standard and independently tested to ensure every garment functions and fits to withstand regular wash and wear. Ensuring genuine durable, 'fit for purpose' clothing.

## > FULLY COORDINATED

All styles are designed and developed to function and fit but also to project a professional, smart, stylish team image. Mix and match these fully coordinated, complimentary styles and colours.

## > PRODUCT CONTINUITY

Clubs, teams and schools need reliable continuity for their clothing. This range enables you to offer continuity, season on season, in the same styles for all ages.

## > QUALITY ASSURED

Quality assurance you can see, feel and trust. Rigorous quality control procedures ensure all garments are developed, tested and finished to the highest possible standards.

## > HIGH QUALITY IMAGES

A comprehensive set of detailed CAD images and on location photographic images are available on request to assist you with online sales or brochure development.

## > UK STOCK

A fast, efficient, UK-based stock service, offering a full range of sizes from age 6 to XXXL all year round.

All manufacturers associated with the production of these products subscribe to a range of recognised ethical trading initiatives, such as bureau veritas, BSCI (Business Social Compliance Initiative) or SEDEX (Supplier Ethical Data Exchange) - and recognise their social and corporate responsibilities to their employees, buyers and end users.

Garments are produced and delivered under conditions that do not abuse or exploit any persons or the environment.

These considerations form part of any evaluation and selection criteria for this range. In order to support and maintain such responsibilities, all manufacturers are visited on a regular basis. This also helps to ensure that all employers within the factories are able to meet the key principles relating to working hours, forced labour, and the overall working environment, including accommodation.

# OEKO-TEX STANDARD 100

The Oeko-tex standard is an independent, testing and certification system for raw, semi-finished and finished textile products such as; yarns, raw dyed fabrics and knits and ready made articles of various types.

## CRITERIA:

Testing for harmful substances includes:

- Illegal substances
- Legally regulated substances
- Known harmful chemicals (*unregulated*)
- Parameters of healthcare

In their entirety, the requirements of Oeko-tex exceed existing legislation. The Oeko-tex criteria helps highlight the additional benefits of safety tested textiles.

Please note, not all trims and components in these garments carry the Oeko-tex standard. However, any such elements are tested in accordance with Oeko-tex whenever possible as part of an ongoing commitment to improving both environmental and ethical practices throughout the supply chain.

# ITS INTERTEK

In a competitive garment industry full of complex regulations, it is imperative for manufacturers, retailers, importers and distributors to proactively evaluate fabrics and trims to ensure they are producing the highest quality.

The fabric and trims utilised in this range are tested exclusively by Intertek to international standards.

Intertek is a leading quality solutions provider to industries worldwide. From auditing and inspection, to testing, training, advisory, quality assurance and

certification. For more information, visit [www.intertek.com](http://www.intertek.com).

Some of the essential tests Intertek performs on fabric:

- Staining and shrinkage
- Tear strength
- Pilling/snagging resistance
- Wet/dry rub fastness
- Spirality
- Seam strength (as required)
- Stretch and recovery

# TECHNICAL PERFORMANCE GUIDE

The exacting quality assurance procedures mean all garments are delivered to the highest standard in design, detail and durability.

Frequent wash and wear, combined with an increasingly knowledgeable consumer, means that garments are simply expected to perform, look great and last longer.

Every style comes with it's own technical 'fit for purpose' performance guides.

A black hooded raincoat is hanging on a wooden door. The door has a metal handle and a small plaque with the number '25'. The raincoat has the word 'ACADEMY' printed on it in large, white, bold, sans-serif capital letters. The lighting is dramatic, with strong shadows on the door.
